

all proceeds to support

Magazine of HOPE

Make your investment go further by purchasing an advertisement confident in knowing that **100% of the proceeds support your local women's shelter.**

FTP provides a continuum of services to help women and children escape violence and unhealthy relationships and to help them rebuild their lives. Inside our doors, we offer a warm and welcoming place where their safety and well-being is the most important thing in the world. Whether it's a safe place to live, or the services of a professional, skilled counsellor to assist them on their journey, FTP is there to help. Family Transition Place relies on community support through donations and sponsorships to ensure its programs maintain their high standard of excellence and that our Youth Education programs continue to be available to the youth and communities of Caledon and Dufferin.

About

Family Transition Place will be publishing the second edition of *HOPE*, a full colour, glossy magazine, which is a reflection of a community coming together to support a cause – Family Transition Place.

The magazine will feature stories of HOPE and inspiration from woman abuse survivors, information about domestic violence and what people can do to help. It will be released September 2015 to coincide with our fall fundraising event.

Your full-colour advertisement will showcase your business to a wide demographic audience and additionally, provide the dual benefit of supporting your local women's shelter serving the communities of Dufferin and Caledon.

This publication will be distributed throughout participating businesses in the Dufferin and Caledon area, as well as at the event, which we anticipate to have 250 + in the audience. We will also make the publication available digitally and send to our entire database – a sure way to maximize your exposure!
